

Cover all your travels for a year.

We all like to travel outside of Canada for pleasure once in a while. But you may have to leave the country for business as well. We all hope our travels run smoothly every time—but what if they don't? You wouldn't want to be on the hook for costly medical expenses in a foreign country. And you wouldn't want to deal with the headaches from losing your luggage or losing money on a trip you had to cancel.

That's where travel insurance comes in handy. And whether you travel for business, pleasure or both, **Manulife Global Travel Insurance** can help protect all of your travels for a full year with an Annual Plan. UNIGLOBE has teamed up with Manulife as their trusted travel insurance provider to offer you this affordable coverage.

What do you get?

- **A full year of coverage:**
You're covered for an unlimited number of trips for 365 days from the effective date.
- **Savings:**
It often costs less than two Single-Trip Plans, so it will likely save you money if you travel for business and pleasure.
- **Convenience:**
You don't have to worry about purchasing insurance before every trip for a whole year.
- **Flexibility:**
Choose the **Annual Global Medical Plan** for medical-only coverage, or choose the **Annual All-Inclusive Plan** to cover emergency medical expenses, baggage loss, trip cancellation and more. You can also choose a maximum duration for each trip of 8, 16 or 30 days—and the Medical Plan also gives you a 60-day option.

You get all that—and it's easy to apply.
